

# **Dr. Mohsen Hamidpour, PH.D**

**Dr. Mohsen Hamidpour, PH.D is an associate professor and president and owner of a Medical Laboratory with over thirteen years of experience. He obtained his doctorate at Bradford University “UK” with a specialty in immunology. In 2006, he wrote several publications on anti-platelet antibodies. Dr. Mohsen Hamidpour is a co-inventor of Immunoglobulin (Anti-GPIIb/IIIa Antibody), which is register as a patent in PCT/UK. Other achievements include developing educational and research workshops focusing on methodology.**

## **Research:**

1. The detection of Anti-platelet glycoprotein's in Children with ITP disease (2006- 2007)
2. Biosafety in the clinical laboratory of the Shahid Beheshti University's Hospitals (2007...)

## **Workshops:**

1. Education methodology (Teaching and Evaluation Methods), Shahid Beheshti Medical Sciences University, July 1994
2. Education Methodology (Evaluation methods), Shahid Beheshti Medical Sciences University, January 1995
3. 60<sup>th</sup> Research Methodology, Shahid Beheshti Medical Sciences University, October 1996
4. Education Methodology (Evaluation methods), Shahid Beheshti Medical Sciences University, July 2006

## **Publication:**

1. The Isolation and Characterisation of the Anti-platelet Antibody in ITP (EJH), April 2006
2. The Effect of Anti-platelet Antibodies on Platelet Function (Pirapezeshki Journal), Jun 2006
3. The Isolation of human monoclonal antibodies and detection and their specific reaction against platelet glycoprotein IIb/IIIa (Pirapezeshki Journal), November 2006

## **Articles presented in Conferences:**

1. 8<sup>th</sup> International Congress of Geographic Medicine & the Third Iranian Congress of Immunology and Allergy, Shiraz, Iran, May 1995
2. 7<sup>th</sup> Iranian Students Seminar in Europe, Manchester, UK, May 2001
3. 41<sup>st</sup> British Meeting for Haematology, Harrogate, UK, April 2001
4. 8<sup>th</sup> Iranian Students Seminar in Europe, Manchester, UK, May 2001
5. Northern British Meeting in Vascular Diseases. Manchester, UK, November 2001
6. 9<sup>th</sup> Iranian Students Seminar in Europe, Birmingham, UK, June 2002
7. Molecular Biosciences & Biotechnology, Cambridge, UK, May 2003
8. 6<sup>th</sup> Iranian Meeting for Pathology, Tehran. Iran, December 2004
9. 7<sup>th</sup> Iranian Meeting for Pathology and first meeting for Oncology, Tehran. Iran, November 2005
10. 8<sup>th</sup> Iranian Meeting for Pathology, and second meeting for Oncology, Tehran. Iran, November 2006
11. Congress of laboratory and Clinic, Tehran Iran, January 2007
